For internal doors.

Complete range of sizes.

Door or wall mounting.

Description

ASTROflame Face Plate Series presents a Mild Steel Louvred Grilles designed to satisfy all types of air transfer application in offices, shops, schools, hospitals and many other commercial projects.

Manufactured using modern press machinery and production techniques the ASTROflame Face Plate series is robustly fabricated from 20swg mild steel and comprises of horizontal louvres set on an 8.5mm pitch with a 30% downward deflection.

Suitability

Suitable for internal, surface mounting in doors and walls. The steel construction ensures that the unit is satisfactory not only for ASTROflame Intumescent Fire Grilles but can also be used in standard air transfer applications, utilised with the wide flange border providing adequate clearance for fixing to the surrounding structure.

Slimline and unobtrusive the unit offers a free area around 70% for economical selection and is readily available in a wide variety of normal and reverse of list sizes. Standard finishes are Satin Aluminium and White with other colours and finishes available on request.
