---

### Description

---

A reflective corner guard used as protective cushioning on corners and hard edges of buildings to prevent damage to or from vehicles.

Typical applications are car parks, loading bays and warehouses.

Corner Guard Industrial padding has an aluminium 'spine' which further reduces the risk of damage to property and vehicles

Strips are in the universal hazard colours of black with a reflective yellow stripe to get the attention of vehicle users.

Quick and easy to install and needing no special maintenance.

#### **Safety Test:**

According to the national standards CNS 4797-4797-3, 4798, 4798-1-3, 4798-10-37

Meets the safety requirements of construction.

Meets the safety requirements of non-flammability.

Meet the safety requirements of toxicology (no heavy metal and no toluene):

#### **Fire Tests:**

Meets the requirement of the UL 94 HBF, Horizontal Burning Foamed Material Test, and EN 71 Part 2:
