- Aluminium strip, to increase strength and cushioning effect, enclosed in integral Skin Urethane.
- Reflective tapes cover the corner guard strip.
- Supplied pre-drilled and with fixing bolts and caps

Product Description

A reflective corner guard used as protective cushioning on corners and hard edges of buildings to prevent damage to or from vehicles. Typical applications are car parks, loading bays and warehouses.

Corner Guard Industrial padding has an aluminium 'spine' which further reduces the risk of damage to property and vehicles. Strips are in the universal hazard colours of black with a reflective yellow stripe to get the attention of vehicle users. Quick and easy to install and needing no special maintenance.

Product Availability

Available in Black with Yellow reflective tape (ask about other colour combinations). All strips are 1000 x 95 x 95mm.
Packed - Individually
