All dimensions in mm

Centre Pivot Glass Door fitted with dual finger guards.

Description

Astro Finger Defender - Glass is a high quality finger guard designed exclusively for use with glass doors.

It uses a resilient blind mounted in a robust aluminium housing that attaches to the door frame. The other end of the blind is fixed to the surface of the glass door via an aluminium strip with built-in acrylate-foam high performance tape.

The tension in the blind prevents fingers entering the hinge gap, where they may be subject to trapping.

Independently tested to over 1 million opening & closing cycles

Supplied with instructions and all fixings.

Availability

Lengths : 1925 mm

Colours: Silver Anodised housing with black blind material.
