## Astro Finger Protecta

Revision 2 - April 2018

## Astro Finger Protecta

### Finger Protecta hinge guard

- Very high quality 'roller blind' type door finger guard.
- In satin anodised aluminum, white or dark bronze anodised finishes.
- Extremely durable and maintenance free. Features an easy clean aluminium housing
- Fits most doors up to 180° opening.
- Impact resistant.
- Suitable for manual or automated doors.
- Tested to a 60 min fire rating.
- Suitable for most single or double-action doors.
- The guard has been tested to over 1 million open and closing cycles.
- Standard size 1925mm – 2015mm available to conform to EN16005 (for automatic doors).
- 260mm travel to suit up 180 degree - extra wide 320mm available for wider sections.

#### Product Description

Astro Finger Protecta uses a high quality, resilient, fabric blind to prevent finger trapping accidents in doors. The blind covers the hinge gap when the door is opened and retracts into the robust aluminium housing when the door is closed. The retractor mechanism makes for a tidy and robust guard which is not exposed to potential damage in the way that concertina style guards are - even when in the closed position.

Independently tested to over 1 million opening & closing cycles. This hinge guard comes complete with end caps for a neat finish. This finger guard is at the higher end of the price range but we think it represents good value and sample lengths are available so that the quality of manufacture and colours can be assessed.

### Product Availability

Housing Colours: Satin anodised aluminum finish, dark bronze, white or colour coated to any RAL Colour
