Fits many types of external gate.

Long anticipated lifespan.

Durable and simple DIY fitting.

Wipe clean finish.

Full fitting kit included.

Easily removed and re-fitted to allow door maintenance.

Ten colour options.

Front and Rear hinge cover versions available.

Wide opening option available.

### Description

Finger Keeper is a finger guard that prevents door finger trapping accidents. By totally covering the gap that is created on the hinge side of a door, in the open position, it prevents finger trapping injuries.

Finger Keeper can be fitted to most types of doors including wood, metal and uPVC.

Sold in 1960mm lengths. Full fitting kit included.

Also acts as a secondary smoke inhibitor and draught excluder. Low maintenance - wipe clean finish.

Extremely simple to install and has a long life expectancy and can be easily removed and refitted for door painting etc. no glue or nails required.

Four panel, wide opening option with additional centre panel for doors with an opening angle greater than 180°.

Schools, Day Care Centres, Nurseries etc. - create the safest working environment and avoid potentially costly and disruptive injury claims. You may also benefit from reduced insurance premiums.

For total protection from finger trapping injuries in doors see also the rear hinge guard - [Finger Keeper Rearguard](#).

Ask here for a [Finger Keeper sample pack](#). Finger Keeper is available in 8 different colours and Teak and Beech finishes (not illustrated) to blend in with existing décor.
