Removes graffiti shadowing from most masonry surfaces.

Removes general soiling and staining from stone/brickwork.

Alkali based non-hazardous cleaning gel

Gelled for use on vertical surfaces,

Description

Shadow Lifter is a specially formulated alkaline graffiti cleaner for the removal of stubborn graffiti shadowing from brickwork, stone and concrete.

A non-hazardous cleaning gel, for ease of use on vertical surfaces, removes stubborn shadows that may remain after base graffiti removal.

Removes general soiling and staining from brickwork.

Shelf life, in original sealed container, approximately 12 months.

Available in 5 litre containers.

Health and Safety

Refer to COSHH sheet supplied with product or view COSHH data online (link below).

Application

Pressure wash the area to be treated to prevent any unnecessary absorption and streaking.

Apply undiluted Shadow Lifter with a bristle brush to the affected area at a coverage rate of 5m²/Litre starting at the bottom edge working upwards.

Areas to be cleaned should be wetted prior to application to prevent streaking.

Allow to dwell for 1-2 minutes before rinsing.

Pressure wash with a pump capable of 1500 psi @ 14 lpm, with a slow even movement keeping the lance 15-20 cm away from the surface until complete rinsing has been achieved.
