[Installation Video](#)

Posters do not adhere to surfaces coated with Poster Magic.

Special formulation for street furniture.

One-pack coating gives effective protection against both fly-posting and graffiti.

Allows for repeated easy removal of posters or graffiti without recoating.

Clear finish in Matt or Gloss.

Description

Anti Fly Poster Paint is a specially formulated version of Anti Graffiti Paint for traffic light control boxes, telephone, cable and electricity junction boxes, CCTV enclosures, street lighting columns and similar items of street furniture.

Posters will not adhere to surfaces coated with Anti Fly Poster Paint, once dry they will fall off or can easily be peeled off by hand.

No scrapers, solvents or water is required.

Available in 5 litre containers.

Application

First thoroughly clean and degrease the surface to be coated using [Mastersolve](#).

Newly powder coated or stove enamelled items can have oily surface residue that must be removed using a solvent wash, such as [Mastersolve](#), prior to the application of two coats of Poster Magic.

If the box is old and requires refurbishment then first apply a coat in the colour required before applying two coats of Anti

Fly Poster Paint to finish.

Apply by brush or roller (brushes and roller sleeves may need to be discarded after use).

Coverage is 8m² per litre
