### Description

THE ASTRO QUAD SEAL SYSTEM

Intumescent Fire, smoke, acoustic & thermal seal for fire door assemblies - **Four Seals in One!**

The complete solution for fire, smoke, acoustic & thermal containment

Quad Seal is an Astroflame intumescent (graphite based) fire seal combined with a Schlegel Aquamac smoke, acoustic & thermal seal contained within a PVC sleeve that is fitted into a rebate to either the fire door leaves or frame.

In the event of a fire, the fire seal expands (intumesces) to many times its original volume and seal the gap around the door to provide a safe and effective barrier against the passage of fire, smoke and hot gases.

Astroflame Quad Seal provides a permanent barrier to Fire, smoke, acoustic, and thermal applications.

Astro Quad seal is the only product on the market to offer Four solutions in one seal, **Fire & Smoke to meet Document B** combined together with a low friction **Acoustic & Thermal seal to satisfy Document E and Document L.**

All Astro Quad seals are supplied with a self adhesive backing tape as standard to facilitate quick and easy fitting. The seals are available in a choice of colours to suit your requirements or blend with decor.

## Colours

White Pvc casing & White Aquamac Seal  
Brown Pvc casing & Brown Aquamac Seal  
Black Pvc Casing & Black Aquamac Seal

Other pvc casing colours available

Red, Cream, Grey, Light Brown, Blue, Teak, Beech, Beige & Yellow

To seal the bottom of the door we suggest using our [ACOUSTIC & SMOKE PERIMETER SEALS](#)
