
Trade Name: ASTRO FINGER GUARD CLEAR

Transparent Finger Guard for Doors

COSHH Data

Installation Data

Product Images

Finger Guard Clear is a strong, transparent finger guard.

Length 1950mm

Opening angle up to 110°

Door thickness up to 5cm

Attached with built in the incorporated self-adhesive strips

Suitable for internal doors opening up to 110 degrees and up to 5cm thick.

Easy to install to nearly all types of doors using the self-adhesive strip built into the guard.

For maximum integrity / longevity of the finger guard we recommend additional securing of the strip using screws if door and frame materials permit.

Tested to 100,000 open / close cycles

The transparent guard avoids possible décor colour clashes that can occur with solid colour materials.

'Soft feel' material resists cracking due to kicks and knocks.

Description

A clear finger guard to fit most common interior door sizes. Self adhesive fitting strips are incorporated into the guard, which can further secured with screws for maximum longevity.

Caution: Do not fit to doors that can open more than 110° without restrict opening to 110° or less using a door stopper, otherwise the strips are likely to tear off from the door or frame and cause damage.

Availability

Available in 1950mm lengths.
