Astro CT Sleeve

Revision 3 - October 2018

Astro CT Sleeve

Intumescent Cable Tray Sleeve

- Cable Tray Sleeve with a 2 Hour fire rating to BS 476
- Suitable for use through a wide range of fire partition walls and floors
- Offers excellent acoustic insulation.
- Offers additional thermal insulation of the wall or floor
- Cost effective: easily cut to minimize wastage, no mastic or foam is required, reducing on site time
- Simple to install without special tools or skills
- Sleeve can be easily fitted only requiring access from one side
- Suitable for retro fitting
- Allows thermal movement

Product Description

The Astroflame range of Astro CT Cable Tray Sleeves are intended for use where a cable tray passes through a fire rated wall or floor. The sleeve reinstates the fire rating of the wall or floor which would otherwise be lost.

In the event of a fire, the advanced Astro CT Cable Tray Sleeve will expand with the heat, closing off any holes or gaps to the fire for at least 2 hours. The Fire Cable Tray Sleeves are available to fit all common cable trays sizes.
