- CERTIFIRE Approval - 30 minute.

Product Description

The Astro Quad Seal system Intumescent Fire, smoke, acoustic & thermal seal for fire door assemblies - **Four Seals in One!** The complete solution for fire, smoke, acoustic & thermal containment.

Quad Seal is an Astroflame intumescent (graphite based) fire seal combined with a Schlegel Aquamac smoke, acoustic & thermal seal contained within a PVC sleeve that is fitted into a rebate to either the fire door leaves or frame.

In the event of a fire, the fire seal expands (intumesces) to many times its original volume and seal the gap around the door to provide a safe and effective barrier against the passage of fire, smoke and hot gases.

Astroflame Quad Seal provides a permanent barrier to Fire, smoke, acoustic, and thermal applications.

Astro Quad seal is the only product on the market to offer Four solutions in one seal, **Fire & Smoke to meet Document B** combined together with a low friction **Acoustic & Thermal seal to satisfy Document E**.

All Astro Quad seals are supplied with a self adhesive backing tape as standard to facilitate quick and easy fitting. The seals are available in a choice of colours to suit your requirements or blend with decor.

Colours

White Pvc casing & White Aquamac Seal
 Brown Pvc casing & Brown Aquamac Seal
 Black Pvc Casing & Black Aquamac Seal

To seal the bottom of the door we suggest using our **Acoustic & smoke perimeter seals**
